ADE

90 Years of Innovation, Quality and Trust

ade-home.de

EN

Thank you FOR 90 YEARS OF TRUST

As a factory for steelyard scales and slicing machines, ADE started in turbulent times in St. Pauli – in the heart of Hamburg. Shop owners and merchants come one after the other, first-class service is the specialty.

Since 1935, ADE has stood for outstanding precision and innovation. Our company has developed steadily over nine decades and is now an internationally recognised partner in the hotel, catering, medical and retail sectors. Our diverse product range includes high-precision scales, first-class kitchen appliances, reliable measuring instruments, modern weather stations and innovative gadgets for the daily routine.

Thanks to your loyalty, we have been able to continuously research and develop in order to always offer you products of the highest quality and reliability. Our passion for craftsmanship and perfection has made ADE a trusted name you can rely on worldwide. In 90 years, we have not only created products that make your everyday life easier, but also built lasting partnerships.

Our 90th anniversary honors our tradition and looks to the future. With the same enthusiasm and commitment that has driven us since our foundation, we will continue to develop innovative products and ensure the highest quality standards. ADE – your partner for consistency and innovation.

Kitchen reimagined

MADE FOR HOBBY CHEFS

For 90 years, ADE has exemplified highest quality, precision and innovative solutions – from the professional kitchen straight into your home. What began with scales and slicers is now a constantly growing range that offers state-of-the-art kitchen equipment. Whether you are an ambitious hobby chef or a connoisseur with little time – ADE combines tradition with innovation to make everyday life in the kitchen easier, healthier and more creative.

A new focus is on smart functionality: appliances such as the hinged table grill or the triple waffle iron offer maximum flexibility for different requirements. Our automatic

salt and pepper mills with tilt sensor make seasoning particularly convenient – leaving one hand free for the cooking spoon. The kitchen scale with two weighing surfaces enables precise and efficient work like never before. Sustainability plays an increasingly important role: high-quality materials ensure durability and conscious consumption.

With ADE, you can make your kitchen as versatile as your ideas – for enjoyment and inspiration every day.
